Phrasal Verbs

It's Locked

076_PhVerbs_ItsLocked.pdf

:: Summary

This post explains the primary differences between "locked in," "locked out," and "locked up." "Locked out" means being unable to enter a building because the entrance is locked. "Locked in" and "locked up" mean unable to exit a building because the entrance is locked although "locked up" usually refers specifically to being confined in a jail cell.

:: Exercises
